The Association has enjoyed another fruitful year in 2017. With tremendous support and contributions from our members, we have successfully organized the PolyU 80th Anniversary OPAA Reunion and Special Master Class, and participated in various PolyU 80th Anniversary celebratory events.

The recent highlight of the the Association is the “OPAA Master Class - 5th Speakers Forum” held on 30 October 2017, which has engaged three distinguished alumni to share their insights on the topic of “In Search of Future”. We were pleased to receive feedback from the audiences. The speakers also expressed that it was a great event and the sharing and exchange was inspiring for all.
